Newsletter

'Achieve, Respect, Co-operate'

Spring 2019

February 2019

Dear Parents, Carers and Friends of St Saviour's School,

Welcome to our latest newsletter. We hope you had a good week last week and that the children are returning to school ready for this half term, it's a short one with only 6 weeks until we break for the Easter holidays. There's a lot to fit into this half term including the end of the football and netball seasons, World Book Day and Red Nose Day. You will also be receiving your child's annual school report at the end of this term.

PARENT SURVEY FEEDBACK

At the end of last term we invited all the parents to complete an online survey about school. The outcomes were as follows:

93% of parents feel their child is happy at school
93% of parents feel their child is safe at school
93% of parents feel their child is well looked after at school
98% of parents believe their child is taught well
93% of parents feel they are kept informed of their child's progress
99% of parents believe their child has a range of opportunities to learn new things, including going on trips and having visitors in
92% of parents feel the school ensures its pupils are well behaved
90% of parents considered that the pupils in our school show respect for one another
97% of parents reported that staff at our school demonstrate a genuine concern for the wellbeing of pupils
93% of parents feel their concerns are listened to/dealt with effectively
84% of parents feel school deals effectively with bullying
95% of parents feel the school is well led and managed
98% of parents feel welcome at the school

99% of parents consider that pupils are encouraged to accept and value differences in others
89% of parents would recommend our school to another parent

The main areas for us to look into and develop further will all be addressed as we work hard on our aim to achieve the Rights Respecting Schools Award in the coming months – respect, bullying and behaviour. We will give you updates on these areas as we look into them further and keep you informed of how we plan to address them and the progress we make.

The main areas of focus from the 2016 survey have developed well: opportunities to learn new things including learning outside the classroom and having visitors in to speak to pupils (77% to 99% this time) and keeping parents informed of their child's progress (86% to 93%)

Many thanks for your feedback!

In the next two weeks we will be surveying pupils to gain their feedback on very similar questions. You will receive the information from this in the next newsletter.

HEALTHY ME:

We had a fantastic week before half term, focussed on activities and learning around being healthy and well. You may have seen some of what we did on our school social media sites and hopefully heard about it from your child. We'd like to remind you that we respectfully request you do not send sweets and chocolate bars into school for children to eat during the day, including lunchtimes. We really appreciate your co-operation with this. Ideal snacks for playtime are fruit, crackers or plain biscuits. We are looking forward to working with Ms Susan Burry, Health and Wellbeing Dietitian from the Health and Community Services team over the coming months to develop a health and nutrition strategy for school. More news on this to follow.
