

Year 1

Summer Term

2018-2019

Homework

Each week your child will be provided with a weekly spelling test. Your child is also tested on either number bonds to 10, number bonds to 20 or times tables x10 or x5. Please practise these when you can.

The children will also have reading books each day and a phonic sound fan to practise as often as possible.

Library books will be changed on a Friday. Please remember to bring your books back to school every week.

Science work

We will be testing our senses in the next few weeks; this will involve a blindfold taste test. If your child has any food allergies or intolerances please let us know.

You are invited to...

**Parent Sharing Session –
Wednesday 12th June – you
are invited to join us for a
morning of activities on the
beach!**

This term our learning will be based around the theme of
‘Under the Sea’

Children will learn about the following...

Maths: To count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number. To identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than (fewer), most, least. To represent and use number bonds as well as related subtraction facts within 20. To compare, describe and solve practical problems for: time [for example, quicker, slower, earlier, later. To sequence events in chronological order using language such as; before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening].

English: To write stories, poems and non-fiction texts. Joining sentences using ‘and’. Develop handwriting, comprehension and phonics skills. Develop punctuation by using capital letters and full stops accurately.

Focus texts: Commotion in the Ocean/Not Quite Narwhal/ Dear Greenpeace/ Dougal's Deep Sea Dive/The Storm Whale

Science: Animals including humans – all about the human body, senses, diet.

Computing: Shadows and Stickmen – focus on animation as well as using software to reinforce our learning in class.

Art/DT: To develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space/Food Technology

Geography: To develop an awareness of the past, using common words and phrases relating to the passing of time. To identify seasonal and daily weather patterns in the United Kingdom and Jersey. Identify key human features, including: city, town, village, factory, farm, house, office, port, harbour, reservoir and shop

History: To learn about a significant event in history – The Titanic and how it changed life today.

PE: Athletics skills and games skills – mainly tennis/cricket

Music: Develop listening, composing and appraising skills with a piece of music called “Your Imagination”.

PSHE: Jigsaw – Relationships and Changing me.

RE: Recognise the similarities and differences of belief and points of view among their friends.

You can help your child to succeed by doing the following:

- Ask your child questions about their reading book each night. This encourages early comprehension skills that are necessary for reading in Year 2 and beyond.
- Encourage your child to be organised for school with all their items they need each day. Including a sun hat, sun cream and water bottle every day.

Out of School Trips

Year 1 will be going on a trip to the zoo (exact date and times TBC)

Our second trip will be our parent sharing session on Wednesday 12th June at the beach. We hope you can join us!

Thank you for your ongoing support this year.

Mrs Cordiner and Mrs. Maindonald
