End of term. Non uniform day

PTA Easter Trail

In line with our open door policy please do not hesitate to contact me if you have any queries. Please either ring or email to let me know you would like me to get in touch with you. We welcome any and all feedback so that we can improve on any aspects to make things even better for all of the pupils at our school. There may be times when we cannot change things in line with your suggestions but we will be able to explain the reasons behind this to you.

Yours most sincerely, Mrs Williams

Dear Parents/Carers,

Welcome to our latest newsletter, I hope you had an enjoyable, restful half term last week. It has been lovely to get back to our routine in school this week. We are enjoying the improving weather and are looking at our systems for welcoming pupils and having happy and safe playtimes, this is always better when we have more space as the weather and seasons change. Please see below for information to an adjustment to our opening arrangements daily

'Soft Start' – from Monday 7th March

As things in the community have changed (although some restrictions remain in place for schools) we are changing our opening arrangements from Monday next week. We are calling this a 'soft start', **the school gates will be opened each day from 8.30am for pupils to enter their classrooms. The arrival time is between 8.30 and 8.45am still enabling a staggered start** to the school day and hopefully, supporting the parking and safe arrival at school. Pupils will need to be brought onto the premises and walked through the gates, with youngest pupils being taken to the gate/door of their classroom area. We will still be encouraging their independence so would like parents to drop and leave them to be independent – staff will be on duty in classrooms. The entrance gates remain the same for Reception, Year 1, 2, 3 and 4 but Year 5 and 6 will now return to entering through the main playground and front entrance. At this time we will keep in place the staggered finish times to support parking and safe exit from the school site at the end of the day.

Bagatelle Road traffic consultation:

The Department for Infrastructure Bagatelle Road Consultation is now live and can be accessed via the following link:
<https://www.gov.je/Government/Consultations/Pages/BagatelleRoadSafety.aspx>

Primary Engineer project KS2:

Pupils from Year 3,4,5 and 6 had a fantastic session with Dave from Skills Jersey (Senior Adviser, Digital and Innovation- Primary Engineer Project) and Dan, a civil engineer from Geomarine. Dave explained in more detail about the Primary Engineer Project and previous winning designs and even a winning prototype scooter designed by a local student.

They were lucky enough to hear about Dan's work as a civil engineer at Geomarine. Pupils had an opportunity to ask them questions and share some of their own ideas too. Many pupils were inspired for their competition designs and as engineers of the future. #ARC

The GREAT Easter EGGshibition:

We would like to invite you to take part in a competition to celebrate Easter through decorating an Easter egg to bring into school. Topical themes always work well i.e. Eggs-factor or Eggs-ercise. Other ideas could be an eggs football match, eggs-pedition, eggs-hausted or eggs-plosion!

We will have 1 prize per class. Eggs can be brought into school on the last Monday and Tuesday of term (4th and 5th April) and taken home later that week. Good luck – we cannot wait to see all your creations!

PTA News:

Please check out the new PTA Facebook page for information about the fundraising and other community events the PTA are organizing and running. Your support of these is greatly appreciated.
