

St Saviour's School

Newsletter

'Achieve, Respect, Co-operate'

Spring 2018

January 2018

Dear Parents, Carers and Friends of St Saviour's School,

Welcome to our latest newsletter. You should have all received the curriculum newsletter for your child/ren last week. These newsletters can be really helpful in giving you an idea of what your child is learning about in school this term, as well as specific dates and information about events and activities that are taking place. I am including the main known term dates with this newsletter but please do check the school website (www.stsaviour.sch.je) for any updated dates and information.

We have started this term re-focussing on the school's core values of Achieve, Respect and Co-operate. Our assemblies have got the pupils thinking and identifying how they demonstrate these within school and outside. We reminded the pupils that this is where our school logo of the rainbow (ARC) comes from.

If you follow our Facebook page you will be aware that the school library is developing well. Mr Sheldon has worked so hard over the Christmas holidays to 'build' the library and we have begun purchasing books to fill the shelves.

We will be sending home details in the next two weeks about a sponsored 'Readathon' we will be holding in school just before half term in order to raise additional monies to purchase new, high quality books and reading materials for the library. Look out for this information – all support with this would be greatly appreciated.

School Council

Our School Council met with Andrew Heaven today. He is the Director of Children's Policy for the States of Jersey and is working with a variety of teams to develop a 'Children's Plan'. Our School Council discussed what being safe, healthy, learning and achieving is to them and gave suggestions about how these areas could be developed to improve these key areas for all children in our island. They are going to be doing work within school, including with Class Councils, to gather further ideas. They will then be part of a showcase event in March where a number of agencies and politicians will see and hear what they have to say.

PSHE – Jigsaw

Our theme for this half term is 'Dreams and Goals' our assembly and weekly writing task links to this. Please check Facebooks for updates of the weekly focus and celebration.
